Subject: Environmental Water Account
SCH#: 2001072046

Dear Delores Brown:

The State Clearinghouse submitted the above named Draft EIR to selected state agencies for review. The review period closed on August 29, 2003, and no state agencies submitted comments by that date. This letter acknowledges that you have complied with the State Clearinghouse review requirements for draft environmental documents, pursuant to the California Environmental Quality Act.

Please call the State Clearinghouse at (916) 445-0613 if you have any questions regarding the environmental review process. If you have a question about the above-named project, please refer to the ten-digit State Clearinghouse number when contacting this office.

Sincerely,

Terry Roberts
Director, State Clearinghouse

Project Title Environmental Water Account
Lead Agency Water Resources, Department of

Type EIR Draft EIR
Description The Environmental Water Account (EWA) addresses fish protection and recovery in the San Francisco Bay/Sacramento-San Joaquin Delta while also improving water supply reliability for Central Valley Project (CVP) and State Water Project (SWP) customers. The CVP and SWP facilities that pump water from the Delta can entrain and kill fish, some of which are Federally and State listed species. Reductions in CVP and SWP pumping to protect these fish species can reduce water supply reliability.
