Folsom Dam Safety and Flood Damage Reduction

SCH Number: 2006022091**Type:** EIR - Draft EIR**Project Description**

As a part of their responsibilities, Reclamation and the Corps have determined that the Folsom Facilities require structural improvements to ensure overall public safety by improving the facilities' ability to reduce flood damages and addressing dam safety issues posed by hydrologic (earthquake), and static (seepage) events. These events have a low probability of occurrence in a given year, however due to the large downstream of Folsom Dam, modifying the facilities is prudent and required to improve public safety.

BILLING CODE 4312–51–P

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

**Folsom Dam Safety and Flood Damage Reduction (DS/FDR) Action—
Sacramento, El Dorado, and Placer
Counties, CA**

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of availability of the Draft Environmental Impact Statement/ Environmental Impact Report (EIS/EIR) and notice of public hearings.

SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969 (NEPA), CEQ NEPA

Regulations (40 CFR 1502.9[c][1]), and Public Resources Code, sections 21000–21177 of the California Environmental Quality Act (CEQA) and the California Code of Regulations, title 14, section 15088.5 of the CEQA Guidelines, the Bureau of Reclamation (Reclamation), the lead Federal agency; the U.S. Army Corps of Engineers (Corps), a cooperating Federal agency; the Reclamation Board of the State of California, the lead State agency; and the Sacramento Area Flood Control Agency (SAFCA), the local sponsor, have made available for public review and comment a Draft EIS/EIR for the Folsom DS/FDR Action.

The Folsom DS/FDR Draft EIS/EIR describes five action alternatives which include numerous features that address previously identified and ongoing dam safety, flood damage reduction, and security issues by modifying Folsom Dam and Appurtenant Structures (the Folsom Facility). The alternatives include features that would address Reclamation's dam safety objectives and the Corps' flood damage reduction objectives jointly, as well as features or increments that would exclusively address dam safety, security, or flood damage reduction objectives and would be constructed and authorized by the respective agencies. Engineering, economic, and environmental studies have been conducted to help determine reasonable design alternatives and their impacts. The no action alternative is also included in these analyses.

As part of the NEPA process, two public hearing sessions will be held to provide interested individuals and organizations with an opportunity to comment verbally and in writing on the Folsom DS/FDR Draft EIS/EIR. The first hour of each public hearing session will allow time to review information stations and displays, ask questions, and provide written comments on comment forms; the formal hearing will be held for one hour and be extended to two hours if needed. Information gathered from the EIS/EIR review process will be used in conjunction with technical and economic principles to determine the preferred alternative.

DATES: Comments on the Folsom DS/FDR Draft EIS/EIR should be submitted on or before Monday, January 22, 2007 to Mr. Shawn Oliver at the address below.

Two public hearings will be held:

- Tuesday, January 9, 2007, 2 to 4 p.m. (to be extended 1 additional hour, if needed), Sacramento, CA.
- Wednesday, January 10, 2007, 7 to 9 p.m. (to be extended 1 additional hour, if needed), Folsom, CA.

ADDRESSES: The public hearings will be held at:

- Sacramento at the Sacramento Library Galleria, 828 I Street, Sacramento, CA.

- Folsom at Folsom Community Center, 52 Natoma Street, Folsom, CA.

Send written comments on the Folsom DS/FDR Draft EIS/EIR to Mr. Shawn Oliver, Bureau of Reclamation, 7794 Folsom Dam Road, Folsom, CA 95630 (e-mail: soliver@mp.usbr.gov). Send requests for a compact disk or a bound copy of the Draft EIS/EIR to Ms. Rosemary Stefani, Bureau of Reclamation, 2800 Cottage Way, Sacramento, CA 95825, telephone: (916) 978-5309, or e-mail:

rstefani@mp.usbr.gov. The Folsom DS/FDR Draft EIS/EIR will also be available on the Web at: [http://www.usbr.gov/mp/](http://www.usbr.gov/mp/nepa/)

[nepa/](http://www.usbr.gov/mp/nepa_projdetails.cfm?Project_ID=1808)

[nepa_projdetails.cfm?Project_ID=1808](http://www.usbr.gov/mp/nepa_projdetails.cfm?Project_ID=1808)
Copies of the Folsom DS/FDR Draft EIS/EIR are available for public review at the following locations:

- Bureau of Reclamation, Denver Office Library, Building 67, Room 167, Denver Federal Center, 6th and Kipling, Denver, CO 80225.

- Bureau of Reclamation, Mid-Pacific Regional Office Library, 2800 Cottage Way, W-1825, Sacramento, CA 95825-1898.

- El Dorado County Library, 345 Fair Lane, Placerville, CA 95667-5699.

- Folsom Public Library, 300 Persifer Street, Folsom, CA 95630.

- Natural Resources Library, U.S. Department of the Interior, 1849 C Street, NW., Main Interior Building, Washington, DC 20240-0001.

- Roseville Public Library, 311 Vernon Street, Roseville, CA 95678.

- Sacramento Central Library, 828 I Street, Sacramento, CA 95814-2589.

FOR FURTHER INFORMATION CONTACT: Mr. Shawn Oliver at (916) 989-7256, TDD (916) 978-5608; e-mail soliver@mp.usbr.gov.

SUPPLEMENTARY INFORMATION: The Folsom Facility consists of 12 structures (dams and dikes), which impound the American River forming the Folsom Reservoir. Both Reclamation and the Corps share in the responsibility of ensuring that the Folsom Facility is maintained and operated under their respective agency dam safety regulations and guidelines, as defined by Congress. As a part of their responsibilities, Reclamation and the Corps have determined that the Folsom Facility requires structural improvements to increase overall public safety above existing conditions by improving the facilities' ability to reduce flood damages and address dam

safety issues posed by hydrologic (flood), seismic (earthquake), and static (seepage) events. While these events have a low probability of occurrence in a given year, due to the large population downstream of Folsom Dam, modifying the facilities is prudent and required to improve public safety above current baseline conditions.

Reclamation has identified the need for expedited action to reduce hydrologic, static, and seismic risks under its Safety of Dams Program. The Corps in partnership with the Reclamation Board/DWR and SAFCA have identified the need to reduce the risk of flooding in the Sacramento area. These agencies have combined their efforts resulting in common solutions to be phased-in for the structural and functional concerns of the Folsom Facility.

The Folsom DS/FDR Draft EIS/EIR discusses the project background, purpose and need, project description and alternatives, and related projects. The Draft EIS/EIR addresses the impacts of project construction on aquatic resources, terrestrial vegetation and wildlife, hydrology, water quality, groundwater, water supply, hydropower resources, socioeconomic, soils, minerals, geological resources, visual resources, agricultural resources, transportation and circulation, noise, cultural resources, land use, planning and zoning, recreation resources, public services and utilities, air quality, population and housing, public health and safety, public services and utilities, environmental justice, and Indian trust assets.

Additional Information

If special assistance is required at the public hearings, please contact Mr. Shawn Oliver, Bureau of Reclamation, at (916) 989-7256. Please notify Mr. Oliver as far in advance of the hearings as possible to enable Reclamation to secure the needed services. If a request cannot be honored, the requestor will be notified.

Comments received in response to this notice will become part of the administrative record and are subject to public inspection. Our practice is to make comments, including names, home addresses, home phone numbers, and email addresses of respondents, available for public review. Individual respondents may request that we withhold their names and/or home addresses, etc., but if you wish us to consider withholding this information, you must state this prominently at the beginning of your comments. In addition, you must present a rationale for withholding this information. This

rationale must demonstrate that disclosure would constitute a clearly unwarranted invasion of privacy. Unsupported assertions will not meet this burden. In the absence of exceptional, documentable circumstances, this information will be released. We will always make submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

Frank Michny,

Acting Assistant Regional Director, Mid-Pacific Region.

BILLING CODE 4310-MN-P

DEPARTMENT OF LABOR

Office of the Secretary

Submission for OMB Review: Comment Request

November 21, 2006.

The Department of Labor (DOL) has submitted the following public information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35). A copy of this ICR, with applicable supporting documentation, may be obtained by calling Ira Mills on 202-693-4122 (this is not a toll-free number) or E-Mail: Mills.Ira@dol.gov, or by accessing <http://www.reginfo.gov/public/do/PRAMain>.

Comments should be sent to Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for U.S. Department of Labor/Employment and Training Administration (ETA), Office of Management and Budget, Room 10235, Washington, DC 20503, 202-395-7316 (this is not a toll-free number), within 30 days from the date of this publication in the **Federal Register**.

The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

Public Hearings Scheduled for the Folsom Dam Safety and Flood Damage Reduction Draft EIS/EIR

Two public hearings will allow the public to comment on the Folsom Dam Safety and Flood Damage Reduction (DS/FDR) Draft Environmental Impact Statement/Environmental Impact Report (EIS/EIR). The Folsom DS/FDR Draft EIS/EIR was developed pursuant to the National Environmental Policy Act (NEPA) and the California Environmental Quality Act by the Bureau of Reclamation, the lead Federal agency; the U.S. Army Corps of Engineers (Corps), a cooperating Federal agency; the Reclamation Board, the lead State agency; and the Sacramento Area Flood Control Agency (SAFCA), the local sponsor.

The hearings will give the public an opportunity to ask questions, review informational displays, and provide written and/or oral comments on the Draft EIS/EIR. The hearings, which may be extended by an hour each, if necessary, are scheduled:

Sacramento

Tuesday, January 9, 2007, 2 to 4 pm
Sacramento Library Galleria
828 I Street, Sacramento

Folsom

Wednesday, January 10, 2007, 7 to 9 pm
Folsom Community Center
52 Natoma Street, Folsom

The Corps intends to adopt the Final EIS/EIR to satisfy the NEPA requirements for the flood damage reduction features of the proposed action that would be accomplished under their Folsom Dam Modifications and Folsom Dam Raise Projects. The Corps' Draft Post Authorization Change (PAC) Report documents recommended changes to these two authorized projects and is available for public review in conjunction with the review of the Draft EIS/EIR. To request copies of the Draft PAC Report, please contact Mrs. Becky Victorine at 916-557-5162.

For a CD or bound copy of the Draft EIS/EIR, contact Ms. Rosemary Stefani, Bureau of Reclamation, 2800 Cottage Way, Sacramento, CA 95825, 916-978-5309, or rstefani@mp.usbr.gov. The Draft EIS/EIR may also be viewed online at http://www.usbr.gov/mp/nepa/nepa_projdetails.cfm?Project_ID=1808. Information on the Folsom Dam Joint Federal Project may be viewed online at <http://www.usbr.gov/mp/jfp/index.html>.

Comments on the Draft EIS/EIR and Draft PAC Report are due by Monday, January 22, 2007. Comments on the Draft EIS/EIR should be sent to Mr. Shawn Oliver, Bureau of Reclamation, 7794 Folsom Dam Road, Folsom, CA 95630, or soliver@mp.usbr.gov; and Mrs. Becky Victorine, U.S. Army Corps of Engineers, 1325 J Street, Sacramento, CA 95814, or rebecca.a.victorine@usace.army.mil. Comments on the Draft PAC Report should be sent to Mrs. Victorine; responses to these comments will be included in the Final PAC Report as appropriate. For further information, please contact Mr. Oliver at 916-989-7256, TDD 916-978-5608, or soliver@mp.usbr.gov; Ms. Annalena Bronson, DWR, at 916-574-0359 or annalena@water.ca.gov; Mr. Peter Buck, SAFCA, at 916-874-7606 or buckp@saccounty.net, or Mrs. Victorine at 916-557-5162 or rebecca.a.victorine@usace.army.mil.

For Release On: November 30, 2006

Folsom Dam Safety and Flood Damage Reduction Draft EIS/EIR Released for Public Review and Comment

Available for public review and comment is the Draft Environmental Impact Statement/Environmental Impact Report (EIS/EIR) of the Folsom Dam Safety and Flood Damage Reduction (DS/FDR) action. The Folsom DS/FDR Draft EIS/EIR was developed pursuant to the National Environmental Policy Act (NEPA) and the California Environmental Quality Act (CEQA) by the Bureau of Reclamation, the lead Federal agency; the U.S. Army Corps of Engineers (Corps), a cooperating Federal agency; the Reclamation Board, the lead State agency; and the Sacramento Area Flood Control Agency (SAFCA), the local sponsor.

Under the Dam Safety Program, Reclamation identified the need for expedited action to reduce hydrologic, static and seismic risks at Folsom Dam and related structures (the Folsom Facility). The Corps, in partnership with Reclamation Board and SAFCA, identified the need to reduce the risk of flooding in the Sacramento area. The Folsom DS/FDR Draft EIS/EIR describes five action alternatives that include numerous features addressing previously identified and ongoing dam safety, flood damage reduction, and security issues by modifying the Folsom Facility. The no-action alternative is also included in these analyses. The action alternatives include features that would address Reclamation's dam safety objectives and the Corps' flood damage reduction objectives jointly (Joint Federal Project, or JFP), as well as features or increments that would exclusively address dam safety, security, or flood damage reduction objectives. The JFP features are expected to be constructed jointly by Reclamation and the Corps. The increments or features that exclusively address dam safety or flood damage reduction would be constructed by the respective agencies.

The Corps intends to adopt the Final EIS/EIR to satisfy the requirements of NEPA for the flood damage reduction features of the proposed action that would be accomplished under the Corps' Folsom Dam Modifications and Folsom Dam Raise Projects. The Corps has prepared a draft Post Authorization Change (PAC) Report which documents recommended changes to these two authorized projects. The draft PAC Report is available for public review in conjunction with the public review of this Draft EIS/EIR.

For a CD or bound copy of the Folsom DS/FDR Draft EIS/EIR, please contact Ms. Rosemary Stefani, Bureau of Reclamation, 2800 Cottage Way, Sacramento, CA 95825, or at 916-978-5309, or rstefani@mp.usbr.gov. The Draft EIS/EIR may be viewed online at http://www.usbr.gov/mp/nepa/nepa_projdetails.cfm?Project_ID=1808. If you encounter problems accessing documents online, please contact Ms. Lynnette Wirth at 916-978-5102 or lwirth@mp.usbr.gov.

**U.S. Department of the Interior
Bureau of Reclamation**

The Folsom DS/FDR Draft EIS/EIR may be viewed at Reclamation's Mid-Pacific Regional Office Library, 2800 Cottage Way, W-1825, Sacramento; the El Dorado County Library, 345 Fair Lane, Placerville; the Folsom Public Library, 300 Persifer Street, Folsom; the Roseville Public Library, 311 Vernon Street, Roseville; or the Sacramento Central Library, 828 I Street, Sacramento.

Comments on the Draft EIS/EIR should be submitted by Monday, January 22, 2007, to Mr. Shawn Oliver, Bureau of Reclamation, 7794 Folsom Dam Road, Folsom CA 95630, or soliver@mp.usbr.gov; and Mrs. Becky Victorine, U.S. Army Corps of Engineers, Sacramento District, 1325 J Street, Sacramento, CA 95814, or Rebecca.A.Victorine@usace.army.mil.

As part of the NEPA process, public hearings will provide interested parties with an opportunity to comment verbally on the Folsom DS/FDR Draft EIS/EIR. Two hearings will allow the public to ask questions, review informational displays, and provide written and/or oral comments. The hearings are scheduled on January 9, 2007, from 2 to 4 p.m. at the Sacramento Library Galleria, 828 I Street, Sacramento, and on January 10, 2007, from 7 to 9 p.m., at the Folsom Community Center, 52 Natoma Street, Folsom. The hearings may be extended by an hour each if necessary.

For additional information on the Folsom DS/FDR Draft EIS/EIR, please contact Mr. Shawn Oliver, Reclamation, at 916-989-7256, TDD 916-978-5608, or soliver@mp.usbr.gov; or Ms. Annalena Bronson, Department of Water Resources, Division of Flood Management, 3310 El Camino Avenue, Sacramento, CA 95821, at 916-574-0359, or annalena@water.ca.gov; or Mr. Peter Buck, Sacramento Area Flood Control Agency, 1007 7th St, 7th Floor, Sacramento, CA 95814, at 916-874-7606, or buckp@saccounty.net. To request copies of the Corps' PAC Report, or for further information on the flood damage reduction features of the Folsom DS/FDR Draft EIS/EIR alternatives, please contact Mrs. Becky Victorine at 916-557-5162.
