

public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the NPS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the NPS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the NPS minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The NPS History Collection comprises over 3.5 million objects, documents, audio recordings, still photographic images, and motion picture films, providing a rich source of information for diverse users interested in the history of the NPS cultural and natural resources. The Harpers Ferry Center (HFC) is responsible for managing this collection. Authorized by 43 U.S.C. 1460, HFC provides copies of museum, archival, and art collections available to increase access to NPS museum collections, to enhance preservation of original materials, for education and public enjoyment, and in general support of the NPS mission.

Each year, staff managing these collections receive hundreds of requests for copies of materials. These requests are typically for hard copy and/or digital scans of documents, prints, slides, negatives, audiovisual materials, and works of art. The forms in this collection of information is necessary to appropriately respond to the large number of requests received. Without the information, timely and effective communication with the requestor is not possible.

The information collected will be used to determine what is requested, how it will be used, and the timeframe in which it is needed. This aids in

determining legal restrictions, standards being requested (scan resolution), and our ability to meet those needs.

Understanding the intended use of the materials is important as many materials in the collections have copyright, contractual, or other legal restrictions that prohibit anything except “fair use” under U.S. copyright laws.

This request is to approve two forms currently in use without a valid OMB control number. The “User Agreement Document” and “Art Request Form” facilitate requests for copies of materials managed by HFC. We are now requesting approval to use these forms on our Harpers Ferry website as fillable forms.

Title of Collection: NPS History Collection User Agreement and Request Form.

OMB Control Number: 1024–NEW.

Form Number: None.

Type of Review: Collection in use without OMB Approval.

Respondents/Affected Public: Individual researchers, businesses, universities, museums, State, tribal, and federal government agencies and offices.

Total Estimated Number of Annual Respondents: 840.

Total Estimated Number of Annual Responses: 1,200.

Estimated Completion Time per Response: 20 minutes.

Total Estimated Number of Annual Burden Hours: 400.

Respondent’s Obligation: Voluntary.

Frequency of Collection: One Time.

Total Estimated Annual Non-Hour Burden Cost: None.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Notice of Intent To Prepare an Environmental Impact Statement and Public Scoping Meeting for the Friant-Kern Canal Middle Reach Capacity Correction Project, Tulare and Kern Counties, California

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of intent; request for comments.

SUMMARY: The Bureau of Reclamation (Reclamation) intends to prepare an Environmental Impact Statement (EIS) on the Friant-Kern Canal Middle Reach Capacity Correction Project. Reclamation is requesting public and agency comment to identify significant issues or other alternatives to be addressed in the EIS.

DATES: Submit written comments on the scope of the EIS on or before January 2, 2020.

A scoping meeting will be held on December 18, 2019, 5:30 p.m. to 7:30 p.m., Porterville CA at the U.S. Forest Service Sequoia National Forest Headquarters, 1839 S. Newcomb Street, Porterville CA 93257.

ADDRESSES: Provide written scoping comments, requests to be added to the mailing list, or requests for sign language interpretation for the hearing impaired or other special assistance needs to Ms. Rain Emerson, Environmental Compliance Branch Chief, Bureau of Reclamation, South-Central California Area Office, 1243 N Street, Fresno CA 93721;

FOR FURTHER INFORMATION CONTACT: Ms. Rain Emerson, Bureau of Reclamation, South-Central California Area Office, 1243 N Street, Fresno CA 93721; telephone (559) 262–0335; facsimile (559) 262–0371; email remerson@usbr.gov. Persons who use a telecommunications device for the deaf may call the Federal Relay Service (FedRelay) at 1–800–877–8339 TTY/ASCII to contact the above individual during normal business hours or to leave a message or question after hours. You will receive a reply during normal business hours. Information on this project may also be found at: https://www.usbr.gov/mp/nepa/nepa_project_details.php?Project_ID=41341.

SUPPLEMENTARY INFORMATION: Reclamation is issuing this notice pursuant to the National Environmental Policy Act of 1969, as amended (NEPA),

42 U.S.C. 4321 *et seq.*; the Council on Environmental Quality's (CEQ) regulations for implementing NEPA, 43 CFR parts 1500 through 1508; and the Department of the Interior's NEPA regulations, 43 CFR part 46.

Background

A 33-mile-long section (milepost 88 to milepost 121) of the Friant-Kern Canal located within Tulare and Kern Counties referred to as the Middle Reach has lost 50 percent of its original design capacity due to regional land subsidence. This has resulted in water delivery impacts to Friant Division long-term contractors and reduces the ability of the Friant-Kern Canal to convey flood waters during wet years.

Reclamation, in partnership with the Friant Water Authority (FWA), proposes to restore the capacity of this 33-mile-long section. The proposed action includes two alternatives to address subsidence impacts: (1) A Canal Enlargement (CE) Alternative, and (2) a Canal Enlargement and Realignment (CER) Alternative. Under the CE Alternative, the entire 33-mile long section of the Middle Reach would be enlarged by widening and raising the canal banks. Under the CER Alternative, approximately 10 miles of the existing canal would be widened and raised and approximately 23 miles of the canal corridor would be realigned to newly constructed canal segments. Reclamation is proposing to provide cost-share funding for the project pursuant to the San Joaquin River Restoration Settlement Act (Pub. L. 111-11 § 10201) and the Water Infrastructure Improvement for the Nation Act (Pub. L. 114-322 § 4007).

Reclamation is not presently aware of Indian Trust Assets or environmental justice issues associated with the proposed action but requests any information relative to this issue be submitted during the scoping period.

Reclamation intends to complete an EIS for this project pursuant to NEPA to ensure consideration of potential environmental effects from implementing the proposed action. As such, Reclamation will also consider a reasonable range of alternatives that could meet the purpose for the project. Reclamation and FWA are requesting public and agency input to assist in identifying significant issues or alternatives to be addressed in the EIS.

To determine the scope of issues relevant to environmental concerns, Reclamation and the FWA prepared an environmental assessment and initial study, which is available at https://www.usbr.gov/mp/nepa/nepa_project_details.php?Project_ID=41341. Effects to

certain resources were determined to be potentially significant, and effects to other resources were found to be absent or relatively minor. Reclamation will focus the EIS on analyzing the effects to resources where a potentially significant effect exists. The resources to be discussed are: Agricultural Resources, Air Quality, Biological Resources, Cultural Resources including Tribal Cultural Resources, Geology and Soils, Greenhouse Gases and Climate Change, Hazards and Hazardous Materials including Wildfire, Hydrology and Water Quality, Land Use, Noise, Environmental Justice, Socioeconomics, Transportation, and Utilities and Service Systems. Agencies and the public are encouraged to review the environmental assessment and initial study, and provide input regarding potentially significant issues to be addressed, or to identify potential alternatives that would meet the purpose of the project.

Special Assistance for Public Scoping and Open House Meetings

If special assistance is required to participate in the public scoping meeting, please contact Ms. Rain Emerson, Bureau of Reclamation, South-Central California Area Office, 1243 N Street, Fresno CA 93721; telephone (559) 262-0335; facsimile (559) 262-0371; email remerson@usbr.gov. Persons who use a telecommunications device for the deaf may call the FedRelay at 1-800-877-8339 TTY/ASCII to contact the above individual during normal business hours or to leave a message or question after hours. You will receive a reply during normal business hours. All meeting facilities are physically accessible to people with disabilities.

Public Disclosure

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Ernest A. Conant,

Regional Director, Bureau of Reclamation,
California-Great Basin—Interior Region 10.

BILLING CODE 4332-90-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-510 and 731-TA-1245 (Review)]

Calcium Hypochlorite From China: Institution of Five-Year Reviews

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted reviews pursuant to the Tariff Act of 1930 (“the Act”), as amended, to determine whether revocation of the antidumping and countervailing duty orders on calcium hypochlorite from China would be likely to lead to continuation or recurrence of material injury. Pursuant to the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission.

DATES: Instituted December 2, 2019. To be assured of consideration, the deadline for responses is January 2, 2020. Comments on the adequacy of responses may be filed with the Commission by February 13, 2020.

FOR FURTHER INFORMATION CONTACT: Mary Messer (202-205-3193), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this proceeding may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On January 30, 2015, the Department of Commerce (“Commerce”) issued antidumping and countervailing duty orders on imports of calcium hypochlorite from China (80 FR 5082 and 5085). The Commission is conducting reviews pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission's Rules of Practice and
