

Reclamations Exhibit 13 Language - M&I Shortage –

Acquired Water in the Authority Managed Share of Expanded Reservoir will be considered acquired by Investors to meet individual Public Health and Safety responsibilities and will not be counted against an Investor's Public Health and Safety available supply consistent with the documented "Guidelines for Implementing the M&I WSP" Section B.2.i, as may be amended or superseded.

Exhibit 14 Jointly Drafted Language - As allowed for

under Section B.2.i of the Central Valley Project Municipal and Industrial Water Shortage Policy Guidelines and Procedures as may be amended or superseded, the Contracting Officer will consider Acquired Water in the Authority Managed Share of the Expanded Reservoir as having been acquired by Investors to meet individual public health and safety responsibilities and not subject to nor counted against an Investor's available water.
